Water Habitat

TO PROTECT OUR TURTLES

It's story time with Eleni as she reads 'Hunter Bila Guraa', the tale of a Hunter River turtle.

envirostories.com.au/hunter-bila-guraa/

Create a turtle habitat artwork. Start with a printed picture of just a river and riverbank, like the one below. List things you can draw to improve it, such as rocks, plants, insects, logs, sandy rocky beach. Use real sticks, plants, stones, leaves and sand to decorate your creation.
