

National Water Week Challenge

KEEP

Rubbish OUT OF OUR Water

It's story time with Eleni as she reads 'Rubbish in the River', the tale of a plastic bag travelling down the river.

envirostories.com.au/rubbish-in-the-river/

Go for a walk in your local area and pick up 3 pieces of litter to bring home and put in the bin so they don't end up going down the stormwater drain into your local river or creek.

Using recycled materials, create a creature that lives in our rivers and creeks. This creature can be real, or it can be mythical – something you made up.

Show off your work!

Send in a photo or video of you answering the National Water Week Challenge. Or show us an example of what you have done to look after water at your place.

Upload them to the Creative Gallery on the Adventures at Your Place website:
